

# How to Correct a Name on an Expedia Booking ASAP

 **+1(888) 429-2577** If you've just realized there's a typo—or worse, a completely wrong name—on your Expedia flight booking, Expedia hotel reservation, or Expedia vacation package, don't panic. You're not alone, and there *is* a fast-track solution. The quickest, most reliable way to fix this?

Call  **+1(888) 429-2577** right now. Whether you booked Expedia cheap flights, Expedia luxury hotels, or a last-minute Expedia weekend getaway, name corrections are time-sensitive—especially for air travel—and often require direct agent assistance.

 **+1(888) 429-2577** This guide walks you through everything you need to know: why names matter, how to correct them across Expedia hotels, Expedia flight bookings, and Expedia vacation packages, what to expect with different booking types (like Expedia refundable flights or Expedia non-refundable hotels), and exactly when you *must* pick up the phone to avoid travel day disasters.

**What Happens When a Name Is Wrong on an Expedia Booking?**

 **+1(888) 429-2577** Getting a name wrong on a travel booking isn't just a minor typo—it can jeopardize your entire trip. Airlines, in particular, enforce strict TSA and international travel regulations that require the name on your Expedia flight ticket to match your government-issued ID *exactly*. Even a missing middle initial or a reversed first and last name can lead to denied boarding.

For Expedia hotel bookings, the rules are more flexible—many Expedia downtown hotels, Expedia airport hotels, or Expedia family hotels will accept a name change if you provide ID and call ahead. But for Expedia international flights, Expedia round trip flights, or Expedia multi-city flights, the margin for error is near zero.

This is why correcting a name on an Expedia booking isn't just about convenience—it's about compliance, security, and peace of mind. And while some changes can be made online (more on that later), many require human verification—especially if your booking includes Expedia flight + hotel deals, Expedia all inclusive packages, or Expedia honeymoon packages.

## Can You Correct a Name on Expedia Yourself? (Spoiler: Sometimes)

 **+1(888) 429-2577** Expedia's self-service portal lets you manage many aspects of your trip—like changing dates on Expedia refundable hotels or adding a rental car to your Expedia vacation bundle. But when it comes to name corrections, the system is intentionally restricted.

Why? Because names on flight tickets are tied to airline ticketing systems (PNRs), and once issued, most airlines don't allow full name changes without reissuing the ticket—which often incurs fees or requires a new fare.

That said, *minor* corrections (like fixing a typo in your first name or adding a missing letter) *might* be possible through the “My Trips” section if your Expedia flight booking is still within the airline's name-correction window (usually 24 hours post-booking for U.S. carriers under the 24-hour rule).

But if you booked Expedia last minute flights, Expedia one-way flights, or a Expedia vacation package reservation that bundles air + hotel, the backend systems are more complex. In those cases, even a small name fix often needs agent intervention.

Important: Never assume a name fix worked just because the Expedia app *looks* updated. Always confirm with an agent via  **+1(888) 429-2577**—especially for Expedia international flights, Expedia domestic flights, or Expedia business hotels requiring corporate billing name matches.

## Step-by-Step: How to Correct a Name on Different Expedia Bookings

Not all Expedia bookings are created equal. The process—and urgency—varies depending on what you've booked. Here's how it breaks down:

### Expedia Flight Bookings

For Expedia flight tickets, name accuracy is non-negotiable.

- Within 24 hours of booking: U.S. Department of Transportation rules allow free cancellation or correction for flights booked in the U.S. Use this window to fix errors—or call 📞 +1(888) 429-2577 to request a name adjustment before rebooking.
- After 24 hours: Most airlines charge a fee (\$75–\$200+) or require paying the fare difference to reissue a ticket. Some budget carriers (like Spirit or Frontier) don't allow *any* name changes—you may need to cancel and rebook entirely.
- International flights: Often stricter. Even with Expedia flexible flights, name mismatches can void your ticket. Call immediately.

### Expedia Hotel Bookings

Much more forgiving! Most Expedia hotel reservations—whether Expedia budget hotels, Expedia luxury resorts, or Expedia ski resorts—allow name changes if you contact the property or Expedia directly.

- Refundable bookings: Easy updates. Just call 📞 +1(888) 429-2577 or the hotel.
- Non-refundable bookings: Still usually modifiable, as long as the guest checking in has valid ID matching the *corrected* name.
- Exception: Expedia theme park hotels (like Disney or Universal) may require name matches for park tickets bundled with your stay.

### Expedia Vacation Packages

This is where things get tricky. A Expedia vacation package (like Expedia Cancun packages, Expedia Hawaii deals, or Expedia all inclusive vacation deals) ties your flight, hotel, and sometimes car together under one confirmation.

- Changing the name on the *flight portion* often requires canceling and reissuing the entire package.

- Some Expedia One Key vacation deals or Expedia member package pricing bookings offer more flexibility—but not always.
- Never try to “swap” names between travelers (e.g., letting your friend use your Expedia romantic getaway). That violates most airline and hotel terms.

💡 Pro Tip: If you’re gifting a trip (like Expedia honeymoon packages or Expedia family vacation packages), book it *in the traveler’s name from the start*. It prevents 90% of name-correction headaches.

## Common Reasons for Name Errors on Expedia (And How to Avoid Them)

Mistakes happen—but knowing the usual culprits can save future stress:

- Autofill errors: Your browser or Expedia app auto-filled an old name or nickname.
- Typo under pressure: Booking Expedia last minute hotels or Expedia cheap last minute trips in a rush leads to slips like “Jon” instead of “John.”
- Name format confusion: Airlines want “FIRST LAST” (no commas, no titles like “Mr.”). Booking “Dr. Sarah Kim” might cause issues.
- Middle name omissions: Some passports include middle names; others don’t. Match your ID *exactly*.
- Shared accounts: Booking Expedia weekend vacation packages from a family account but accidentally using the wrong profile name.

To prevent this, always:

- ✓ Double-check spelling before payment
- ✓ Use your legal name as it appears on your passport or driver’s license
- ✓ Avoid nicknames (“Alex” → “Alexander”)
- ✓ Review your Expedia flight and hotel reservation email receipt immediately

And if you spot an error? Don’t wait. Call 📞+1(888) 429-2577—the sooner, the better.

## Special Cases: Name Changes for Kids, Couples, and Business Travelers

Not all travelers are solo adults—and name rules shift accordingly.

### **Family Bookings (Expedia family hotels, Expedia family vacation packages)**

When booking for minors, the child's name must match their passport or birth certificate. If you accidentally used a nickname ("Lizzy" instead of "Elizabeth"), call  +1(888) 429-2577—most airlines allow minor child name corrections with documentation.

For Expedia theme park hotels or Expedia Orlando deals, name errors can block FastPass or dining reservations tied to the booking. Fix it early.

### **Romantic Trips (Expedia romantic hotels, Expedia honeymoon packages)**

Common mistake: Booking under one partner's name only. While hotels usually don't mind, airlines require *each* passenger's name on their ticket. If you booked a Expedia

flight + hotel weekend deal for two but listed only one name, you'll need to add the second traveler—which may cost extra. Call 📞+1(888) 429-2577 to see if your Expedia romantic getaway can be updated without penalty.

### **Business Travel (Expedia business hotels, Expedia domestic flights)**

Corporate bookings often require the traveler's legal name to match expense reports or company travel policies. A typo on your Expedia refundable flight could delay reimbursement. Plus, many Expedia airport hotels near hubs like JFK or LAX require name-matched bookings for corporate rates.

In all these cases, 📞+1(888) 429-2577 is your direct line to resolution—no corporate portal runarounds.

### **What If You Booked Through Expedia One Key or Member Pricing?**

Expedia's One Key loyalty program (formerly Expedia Rewards) offers perks like Expedia member package pricing and Expedia One Key package deals. But these bookings follow the *same* airline and hotel name rules as standard reservations.

However, One Key members sometimes get:

- Priority support (faster hold times)
- Fee waivers for minor changes
- Flexibility on Expedia flexible vacation packages

Still, name corrections aren't automatic. You'll need to call 📞+1(888) 429-2577 and mention your One Key status—they can often expedite the fix or apply member goodwill credits if fees apply.

This applies to all Expedia.com vacation packages, whether you're booking Expedia Europe packages, Expedia Mexico vacation packages, or Expedia Caribbean vacation packages.

### **Timing Is Everything: When You *Must* Act Immediately**

Some errors can wait. Name mistakes? Not one of them.

 Call 📞+1(888) 429-2577 within 24 hours if:

- Your Expedia flight booking is for international travel
- You booked Expedia last minute flights departing in <72 hours
- Your Expedia vacation package reservation includes non-refundable airfare
- The name is *completely* wrong (e.g., “Michael” instead of “Michelle”)

 You have a little more time if:

- It's a Expedia refundable hotel with flexible dates
- The error is a tiny typo (missing “e” in “Stephane”)
- Your trip is 3+ weeks away

But even then—why risk it? A 5-minute call to  +1(888) 429-2577 today prevents a 5-hour airport meltdown tomorrow.

## People Also Ask: Top 5 Questions About Name Corrections on Expedia

Google’s “People Also Ask” section reveals real traveler anxieties. Here’s how to handle them:

### Can I change the name on my Expedia flight booking after booking?

Yes—but with major caveats. Most U.S. airlines allow *minor* name corrections (typos, missing letters) for free within 24 hours. After that, it depends on the airline:

- Delta, United, American: Usually allow fixes with a fee (\$75–\$150)
- Southwest: More flexible—often free name corrections
- Budget carriers (Spirit, Allegiant): Rarely allow changes; you may need to cancel and rebook

For Expedia international flights, rules are stricter. Always call  +1(888) 429-2577—they’ll check your specific airline’s policy and reissue if needed.

### Does Expedia charge to correct a name on a hotel reservation?

Almost never. Hotels care far less about exact name matches than airlines do. As long as the person checking in has ID, most Expedia hotel bookings—from Expedia cheapest hotels to Expedia luxury resorts—can be updated for free. Just call  +1(888) 429-2577 or the property directly. Exceptions: Some Expedia all inclusive packages in Mexico or the Caribbean may require name matches for resort access.

### Can I transfer my Expedia booking to someone else?

No—not officially. You can't "gift" a Expedia flight ticket or Expedia hotel reservation by changing the name to another person. Airlines consider this ticket fraud. The only legal way: Cancel your booking (if refundable) and rebook in their name. For Expedia refundable flights or Expedia flexible flights, this is feasible. For non-refundable Expedia cheap flights, you'll likely lose the value. Call 📞+1(888) 429-2577 to explore options—they may find a workaround.

### **What if I misspelled my name on an Expedia vacation package?**

Vacation packages are the trickiest. Because your Expedia hotel and flight bundle is a single contract, a name error on the flight portion usually requires reissuing the entire package. You might:

- Pay a change fee + any fare difference
- Lose part of your payment if it's non-refundable
- Need to rebook completely

Act fast. Call 📞+1(888) 429-2577 immediately—they'll check if your Expedia vacation bundle deals include any flexibility.

### **How long does it take to correct a name on Expedia?**

If you call 📞+1(888) 429-2577: Most corrections are processed in <30 minutes. Flight reissues may take 24 hours to reflect in airline systems. Hotel changes are often instant. If you wait or use chat: Days—or no resolution at all.

Speed matters. Don't delay.
