What Is Sumatra Slim Belly Tonic?

Sumatra Slim Belly Tonic is a natural formula that supports healthy weight loss using 100% plant-based ingredients. It works by addressing the root cause of stubborn weight gain which is found to be blue light exposure and lack of N-REM sleep.

Sumatra Slim Belly Tonic is made with eight natural ingredients that are 100% non-GMO. The supplement can be consumed in easy-to-mix powder form and each bottle is sufficient for a month's consumption.

Each bottle of Sumatra Slim Belly Tonic is made inside state-of-the-art facilities that comply with the highest standards of safety and quality ensured by FDA and GMP guidelines. Sumatra Slim Belly Tonic can also work as a digestion support formula and improve your gut health. It also enhances your sleep quality and reduces inflammation in your body.

How Does Sumatra Slim Belly Tonic Formula Work?

Sumatra Slim Belly Tonic works based on research and clinical studies that address the root cause of stubborn weight gain. According to the manufacturers of the formula, the supplement works by targeting the main cause of excess fat accumulation in your body, which has a crucial link with a lack of N-REM sleep. Sumatra Slim Belly Tonic combines eight natural ingredients that target weight gain caused by blue light exposure and lack of N-REM sleep.

For example, one of the key ingredients in the formula is valerian root. A research paper published in the *Nutrients* journal in 2017 explained that valerian root has anti-obesity effects based on a study conducted among high-fat-diet-induced-obese mice. Another ingredient in the formula is inulin. A study published in the *Nutrition and Metabolism* journal found that inulin can play a positive role in weight management in subjects with prediabetes. Like these, all ingredients in Sumatra Slim Belly Tonic work in a synergistic way to harness better weight loss effects in your body.

Ingredients Used To Formulate Sumatra Slim Belly Tonic

According to the supplement label, each bottle of Sumatra Slim Belly Tonic contains eight natural ingredients. These ingredients and how they support healthy weight loss in your body are listed below:

- **Valerian Root-** Known to improve sleep quality, valerian root can also treat stress and anxiety. It helps to lose weight gained from sleep issues.
- **Humulus Lupulus-** Studies have shown that the active compounds in humulus, called isohumulones can provide your body with anti-obesity effects. It also modulates your gut microbiome and curbs your appetite.
- **Griffonia simplicifolia or 5-HTP-** Griffonia simplicifolia contains 5-HTP, an active compound that affects the central nervous system and promotes the production of serotonin. This helps with your sleep and reduces stress and anxiety.
- **Berberine-** Berberine increases brown adipose tissue (BAT) in your body and helps with healthy weight loss. It also reduces insulin resistance and lowers blood pressure and inflammation.

- **Spirulina Blue-** This is a kind of blue-green algae that can lower blood pressure and reduce body fat and waist circumference. It manages inflammation and controls your blood sugar levels.
- **Black Cohosh-** Studies have shown that black cohosh helps with weight gain in women suffering from menopause symptoms. It enhances glucose metabolism and also improves your skin health.

Other than these, Sumatra Slim Belly Tonic also contains lutein and inulin.
