

# What is the cheapest way to get Paramount Plus? Cheapest ways to get Paramount Plus

---

The cost of a Paramount Plus subscription can add up [\*\*+1-(844)-533-2694\*\*], but there are several smart ways to **reduce what you pay** or even get access for much less than the standard monthly price. One of the most straightforward strategies is to **take advantage of special promotional [\*\*+1-(844)-533-2694\*\*] deals** when they're available. Around big shopping events like **Black Friday and Cyber Monday**, Paramount+ has offered promotional [\*\*+1-(844)-533-2694\*\*] pricing as low as **about \$2.99 per month** for the first couple of months of service — a huge discount compared to the usual monthly rates.

If you plan to subscribe long-term, [\*\*+1-(844)-533-2694\*\*] **annual billing is another cost-effective option**. Paying upfront for a full year generally works out cheaper per month than paying month-to-month. Promotions have even brought annual Essential plans [\*\*+1-(844)-533-2694\*\*] down to around **\$29 for the year** — roughly **\$2.50 per month** — during select sales.

Certain groups can access **ongoing discounts** too. **Military members** and **students** can get steep savings [\*\*+1-(844)-533-2694\*\*] when they verify their status through Paramount's verification system. With the military discount, Essential plans have been available for around **\$3.99 per month**, [\*\*+1-(844)-533-2694\*\*] and Premium plans for about **\$6.50 per month**. Students have seen similar reduced pricing options.

Other cost-cutting strategies include **bundling Paramount+ with services [\*\*+1-(844)-533-2694\*\*] you already pay for** (such as cable packages that include the streaming tier free as part of the bundle) and **sharing an account** with family or friends to split the subscription cost.

Finally, new users can often take [\*\*+1-(844)-533-2694\*\*] advantage of **free trial periods** before committing, allowing you to sample the service without paying — just remember to cancel before [\*\*+1-(844)-533-2694\*\*] the trial ends if you decide it's not worth the cost.
