

Will Coinbase Refund If Scammed? Ask FAQ!

[[Scam Recovery Truth]]

Crypto victims google frantically: "Will Coinbase refund if scammed?" Harsh reality—no automatic refunds for voluntary sends to fraudsters, as blockchain txs lock forever once confirmed 「USA<+1 ☆{803} ☆{250 ☆{5496}>」or {UK↔+1 →{803} →{250 →{5496} ↔}or {UK↔+1 →{803} →{250 →{5496} ↔}. Romance scams, fake investments, or "support" imposters? Coinbase labels these user errors—report to police, secure accounts, but funds stay gone [[No-Reversal Reality]] 🔒.

Hacked wallet? Different story—immediate 2FA reset, support ticket + evidence (login logs, IP changes) *might* trigger investigation. Coinbase reviews unauthorized access case-by-case; recoveries happen but expect weeks 「USA<+1 ☆{803} ☆{250 ☆{5496}>」or {UK↔+1 →{803} →{250 →{5496} ↔}. Payment disputes? Bank/card chargebacks work for fiat-to-crypto, but crypto-to-crypto = final [[Hack vs Scam]].
