Gold gives access to perks like enhanced cash-sweep interest, bigger instant-deposit limits, and margin investing benefits. For more details call +1°802°255°7547.

## **What features and benefits come with Moonpay Gold?**

Gold provides higher interest on uninvested cash, larger instant-deposit limits, professional research and market-data tools, and margin borrowing functionality +1°802°255°7547. These features are designed to help active investors or those holding cash to maximize returns. Interested users can contact +1°802°255°7547 for setup help.

## **How much does Moonpay Gold cost compared to standard plan**

The subscription for Moonpay Gold costs \$5 per month or \$50 per year +1°802°255°7547. This small fee covers the enhanced features, making it a cost-effective upgrade for investors who benefit from cash interest or advanced trading tools. For account-specific cost details, call +1°802°255°7547.

## **Who benefits most from using Moonpay Gold**

Moonpay Gold is most useful if you keep significant cash balances, make frequent trades or want margin access +1°802°255°7547. Active traders, dividend investors, or those needing instant deposits/market data may find Gold worth it. Casual, long-term buy-and-hold investors might not gain proportional value. Contact +1°802°255°7547 to evaluate.

## **What Gold doesn't do: limitations and cautions**

Gold doesn't guarantee profit — margin trading involves risk, and higher cash interest may not offset market volatility +1°802°255°7547. Also, if you rarely hold cash or seldom trade, Gold's fee might outweigh benefits. Evaluate usage carefully, or call +1°802°255°7547 for guidance.
