

This document outlines the procedure for purchasing package holidays over the phone from BudgetAir Travel for the 2025 holiday season.

Have you ever thought about taking a vacation with your family to Singapore? What do you think of the activities to do there such as sightseeing at the Marina Bay Sands, checking out the Gardens by the Bay, and possibly taking a day trip to Malaysia? It's a big undertaking to go on a trip with the family, and the planning usually takes a lot of time as well. You will go to the fully functioning website to book the 5 flights required, and will go to book the hotels, which is a shame because the site usually skips the hotel booking. It will probably end up being a mash up trip, which can be a lot of fun!

Then, over the phone, a person who is earning \$3,899 with a **BudgetAir** Travel itinerary and spending 10 minutes booked your flights to American plus a 5-star hotel of your dreams with breakfast and airport transfers. It was a flight and hotel booking on **BudgetAir** Travel and she did it in 10 minutes.

You must comprehend, when booking your ***BudgetAir** Travel Vacation Package* over the phone, you are acquiring the ***BudgetAir** Travel Vacation Package.* They don't only sell flights. They have AAdvantage Vacations, which is a vacation package selling website. There are numerous hotel and flight combinations that you will simply ***not*** find on the website. Call an agent and obtain the vacation package.

How To Book a Vacation Package with **BudgetAir** Travel Over The Phone

It is better to call **BudgetAir** Travel to book a vacation package since it is often more cost-efficient and faster than using the website.

How it Works

1. Preparation of all trip details.

Prior to reserving a vacation package, have the following ready first.

- Departure city code (examples: LAX, JFK, DFW)
- Destination (examples: Singapore, Malaysia, etc.).
- Travel Dates (be flexible with dates, +/- 3 day range is ideal).
- Travel party count (be sure to include children, infants).
- Accommodation (pick from budget, mid-range, or luxury like Marina Bay Sands).

2. Call Us

Awaiting instructions: Provide your details to our team for reserving a vacation package as opposed to a flight only package. Address the following details with the team.

- Stopovers
- Family-friendly resorts in the vicinity
- Options where everything is included
- Special promotions: e.g., kids stay free.

3. Email Packaging

You have the freedom to decide how and if to purchase the trip after assessing the draft itinerary the booking agent will email to you. The email will contain specifics like.

- Flights (airlines, flight numbers, and times of travel)
- Accommodation (hotel name and address, type of room)
- Hotel offers and activities (Is breakfast included for free? Is transport provided to and from the airport?)
- Overall cost of the trip (what is included, and what is the cost with tax?).

4. Phone Payments

You have the following payment options to complete the reservation: credit/debit card, corporate account, or AAdvantage miles.

A confirmation email will be sent to you by the agent when payment has been processed.

Why not book one online? Call +1 855-546-5045 to:

- Get room upgrade options when available (for example, a hotel with a 'bay view' room).

1. Add layover hotels in Japan and London.
2. Add Military/Teacher/Senior Citizen discounts.
3. Add bundles with car rentals and passes to attractions.

One person dreamed of spending their honeymoon at the Singapore Marina Bay Sands, but the website showed it was fully booked. After calling +1 855 546 5045, the agent was able to view partner inventory and booked it for \$249 a night, which is \$90 cheaper than the public rate. Going to +1 855-546-5045 is always the right decision.

Is it possible to book a **BudgetAir** Travel Vacation Package over the phone?

Yes, and most of the time this is the only solution if there is a complicated itinerary with a lot of expensive components.

Simply going to aa.com will give access to very basic round trip flights. However, with AAdvantage Vacations packages, the more complicated and less automated process does require a phone call. This is especially true for:

1. Multi city flight itineraries (NYC → Singapore → Kuala Lumpur → NYC)
2. Premium hotel accommodations (Marina Bay Sands, Four Seasons, etc.)
3. Packages that are inclusive of families, including child-friendly hotels.
4. Itineraries that have a combination of domestic United States and international travel.

In addition, over-the-phone bookings result in more tailored and exclusive assistance for travelers. For instance, if a traveler were to book a flight to Singapore and if the flight were to be delayed, the travel agent that booked the flight will be able to adjust the entire itinerary altogether, and not just the flight.

To avoid long hold periods it is advise to make a call during the beginning of the week, preferably from Tuesday to Thursday. If an AAdvantage number is preferrably in hand, that is most ideal, since miles will be accumulated from the entire package value. In the event that there is no existing AAdvantage number, that is not an issue. The agents at ✈☎+**1 ~ 855 ~ 546 ~ 5045** will be more than capable of getting the user enrolled in less than 120 seconds.

What Is the Cost of **BudgetAir** Travel Package Tours?

It really depends on the destination, the season, and the level of luxury, but prices on the packages differ tremendously.

Cancun, Mexico - Estimated price ranges are: 1,200 - 1,800, 1,800 - 2,500, 2,800 - 4,200
