24 minutes ago — *Predator: Badlands* (2025) is an American science fiction action thriller. It is the sixth live-action film in the Predator franchise and the ninth overall installment.

Directed by Dan Trachtenberg, the movie stars Elle Fanning and Dimitrius Schuster-Koloamatangi in lead roles. The story focuses on a young Predator outcast who finds an unlikely ally while searching for the ultimate adversary. The film blends survival drama with high-tech alien warfare, offering both franchise nostalgia and a standalone adventure.

*****NEW UPDATED : December 17, 2025 *****

The movie is set on one of the most dangerous planets in the galaxy, known as the Badlands. A young Predator, cast out from his clan, struggles to prove his worth. His journey takes a surprising turn when he encounters a human survivor, played by Elle Fanning. Despite their differences, they form an uneasy alliance to face the hostile environment and deadly creatures that inhabit the planet.

As the story unfolds, the Predator's advanced hunting technology clashes with the raw survival instincts of the human. Together, they must fight against rival predators, alien beasts, and the harsh conditions of the Badlands. The film explores themes of identity, survival, and trust, while delivering intense action sequences and suspenseful encounters.

Cast

Elle Fanning plays Kara, a resilient human survivor who adapts to the hostile alien world.

Dimitrius Schuster-Koloamatangi portrays T'Korr, the young Predator outcast seeking redemption and honor. Reuben de Jong appears as Varr, a rival Predator who challenges T'Korr's survival. Supporting roles include seasoned warriors, alien creatures, and

mysterious figures that add depth to the narrative. The chemistry between Kara and T'Korr drives the emotional core of the film, making their alliance both tense and compelling.

Final Words

Predator: Badlands (2025) is a bold new chapter in the Predator saga. With its unique setting, strong performances, and thrilling action, the film expands the mythology while keeping the essence of the hunt alive. Elle Fanning's human survivor and Dimitrius Schuster-Koloamatangi's Predator outcast create a dynamic partnership that adds emotional depth to the sci-fi spectacle. Directed by Dan Trachtenberg, the movie balances franchise tradition with fresh storytelling, making it a must-watch for fans of action and science fiction.
