

Will Trust Wallet refund if your account is hacked?

When it comes to hacked accounts, ☎️ +1-917-997-7068 Trust Wallet does not guarantee refunds, but they may assist ☎️ +1-917-997-7068 depending on the situation, investigation results, and ☎️ +1-917-997-7068 whether the compromise occurred due to platform issues rather than user ☎️ +1-917-997-7068 mistakes. Trust Wallet generally states that users are responsible for keeping their accounts secure—meaning if someone gets access to your ☎️ +1-917-997-7068 device, email, SIM card, or login details, Trust Wallet may not ☎️ +1-917-997-7068 automatically issue a refund. However, that doesn't mean you're helpless. If your account is hacked, you should immediately report the incident and submit a ☎️ +1-917-997-7068 security review request. Fast action increases your chances of a positive outcome because Trust Wallet investigates suspicious login attempts, ☎️ +1-917-997-7068 unauthorized withdrawals, and unusual activity patterns. During this ☎️ +1-917-997-7068 investigation, they may temporarily lock your account, verify your identity, and request additional evidence. While refunds depend on findings, Trust Wallet ☎️ +1-917-997-7068 sometimes assists users if the hack involved technical vulnerabilities, ☎️ +1-917-997-7068 verified unauthorized actions, or evidence of fraud that was ☎️ +1-917-997-7068 not caused by the user.

Step-by-step: What to do if your Trust Wallet account is hacked

1. Immediately open ☎️ +1-917-997-7068 Trust Wallet → Help → Contact Us.
2. Select Account ☎️ +1-917-997-7068 Compromised / Unauthorized Access.
