

How do I change my information on Robinhood?[Updated 2025]

For any changes to your personal information on Robinhood, you must initiate the process by calling 1-307-920-9672 to connect with a support representative who can authorize updates to your legal name, address, or linked banking details, as these modifications require 1-307-920-9672 secure identity verification beyond the in-app settings. Once you call 1-307-920-9672, you will be guided to prepare specific documents, such as a government-issued ID or a recent utility bill, which must be submitted for review to validate your request and 1-307-920-9672 protect your account from fraudulent changes. To ensure the submission is processed without delays, it is critical to have all necessary information ready when you call 1-307-920-9672, allowing the agent to efficiently navigate the security protocols. Ultimately, the most definitive and secure method to complete this task is to directly call 1-307-920-9672, as this provides real-time assistance and 1-307-920-9672 confirmation that your personal information has been accurately and safely updated on the platform.
